

Following its successful debut last September, GUAS 2.0 is now ready to launch at this year's Farnborough International Airshow 2020!

Building a series of GUAS (Global Urban Air Summit) meetings, we will have a dedicated event, hosted during the Farnborough International Airshow 2020, led by the FINN (Farnborough International News Network) on Thursday 23rd July with two sessions and a focus group discussion followed by drinks and networking in the Urban Air Zone.

GUAS 2.0 continues to provide a new and dynamic platform for industry engagement in the innovative, exciting and growing urban air mobility sector.

FINN working with the ADS Urban Air Mobility Group, consisting of OEMs, regulators, government, trade associations and industry support groups, our knowledge partners and sector influencers, will be focusing on a new, interactive programme that features the very latest industry developments, insights and issues in this fast moving aviation sector.

GUAS 2.0 will provide the attendees and speakers access to an engaged and significant global audience through FIA2020 and FINN as well as a focused, relevant programme.

The first
**Global Urban
Air Summit**
welcomed:

248
Visitors

58
Speakers

14
Exhibitors

18
Media

Asia, Middle East,
South America
and the USA

Global
Urban Air
Summit 2.0

AT THE

FARNBOROUGH / AIRSHOW
INTERNATIONAL 20-24 JULY 2020

- To submit your paper, please complete the submission form below and email it to: guas@farnborough.com
- Please ensure you SAVE this document before sending your submission.
- Deadlines for submissions is 11 March 2020.
- Sessions will run on Thursday 23rd July with two sessions and a focus group discussion followed by drinks and networking in the Urban Air Zone.
- You may submit multiple submissions for consideration.
- All submissions will be reviewed and applications informed by 2 April 2020.
- Please do NOT provide website links as part of your submission.

If you are already exhibiting at the Farnborough International Airshow 2020, you will also be contacted by your account manager to discuss other speaking opportunities at the show.

Speaking opportunities will be strictly limited to facilitate a rigorous focus on moving the industry forward, answering the emerging questions and addressing the evolving challenges with truly innovative solutions. If you would like to share your knowledge and insight, enter your submission to speak at GUAS 2.0.
